A Holy Calling: 1 Thessalonians 4:1-8

1. We often want to know what God's will is for our lives or what his call is for us personally. In this passage there are two verses (3 & 7) that explicitly state God's will and call for all of his children. Do you treat these things as the will of God and the call of God upon your life personally? Why or why not?
2. Sexual immorality is something that is very serious in God's sight, why do you think he sees it in this way? Do you believe that it warrants such seriousness?
3. Why do you think that Paul specifically mentions the Holy Spirit in the context of disregarding God (verse 8)? What can you see or have you experienced as a consequence of disregarding God?
